isn't that a lovely stove!" exclaimed a lady in our store a short time ago, as she paused in front of one of the Michigan Stove Co's latest pattern cook stoves, and proceeded to critically inspect the same. The examination was satisfactory in every particular. It always is. You make no mistake in buying the kind we handle. It's the poor kind you "burn your fingers" with.

A man living near Coloma who is the leader of a so-called religious sect and founder of the Church of Martyrdom, has been in the habit of beating his wife to show his belief in his creed, and on last Sunday night was justly treated to a coat of tar and feathers by the indignant citizens.

The officers of the L. L. A. had a conference with the agent of the Redpath Bureau last Thursday and have also been in correspondence with other parties. An exceedingly fine array of talent has been partly decided upon, and there will be a meeting at the Court House to-morrow (Thursday) afternoon at 2:30, for the purpose of completing arrangements for next year. It is hoped there will be a large turn-out of the members, and a cordial invitation is extended to any one who may desire to join the Association.

Dan Hurlbut, living in the Ococh house, had quite a fight with bluet racer last Sunday. He was just outside the house with his little daughter, the latter having taken off her shoes on account of the heat, when he saw something moving in the grass. Making one stroke at it, he turned to see where the child was, when the snake glided through an open cellar window. Procuring a hoe, Dan descended to the cellar, and there had a lively time before he succeeded in conquering his snakeship, which measured over five feet and was a genuine fighter.

Last Saturday Harrison Glidden, living near Mattawan, met with a serious accident. He was at work on a barn and fell from a scaffolding fifteen feet high, striking on his head and shoulder, tearing apart the ligaments of the latter and severely wrenching and bruising himself generally. Ed Nash, who drove out to see him Sunday, reports him in bad condition.

Last Wednesday Mr. and Mrs. Albert Grout entertained the relatives of the former and also Mr. Grout's two sisters, Mrs. J. H. Breed and Mrs. Hiram Flanders, who came from Dowagiac bringing their "better halves" with them. Letters of regret were received from some absent ones detained by sickness or by business, notwithstanding which the day passed so pleasantly that all united in the wish that many more such family reunions might be celebrated.

Last Wednesday morning Mr. and Mrs. Peter McKellar drove smilingly eastward expecting to dine at the Zoo; but alas for the schemes of mice and men for divers and sundry symptoms of illness on the part of their horse caused a sudden stop at Oshtemo and the hasty summons of a veterinary surgeon, the sequel being that Pete spent some time there acting as first medical assistant, while Sadie "caught a ride" to Kalamazoo, returning Saturday by train. The horse was also able to be brought back Saturday, and now Pete goes around quoting "No man knoweth what a day may bring forth."

A copy of the Salt Lake Herald was received just as we were making up the paper last week, and the marriage notice of one of our old Paw Paw boys was thus overlooked. It reads as follows: "Miss May Ellerbeck was married to Mr. E. D. Darling at the bride's home on State street Saturday evening at 9 o'clock. The wedding was quiet and elegant, only the relatives being present. Miss Ellerbeck is a winsome girl of most engaging manners and that chiefest charm in woman, a musical voice. The groom is very fine looking, a right manly man. They go at once to their own home in Darlington Place."

The particulars of Miss Grace Maynard's sad death in our last week's issue were taken mainly from the Chicago *Inter Ocean*, and it seems that the statement was untrue regarding the cause of her act. We clip the following from the *Day Spring* of Hartford, where her father resides: "About two years ago the two sisters went into the millinery business at Hyde Park and were very successful. A few months ago they sold out the business and were intending to again start a millinery store in the fall. Meanwhile Miss Grace was taking lessons in music and was also studying French and German. She was engaged to a young man in Chicago, Mr. Clarence Wilber; and they were to be married in the fall. Her rooms were elegantly furnished, she was well supplied with money, and there seems to have been nothing but a morbid imagination to warrant the despondency that led to the fatal act."

#### New Time-Table.

The promised change on the M. C. R. R. went into effect June 12, and every one feels better.

The Atlantic and Pacific express trains stop at Lawton at 1:40 and 1:45 a. m., respectively, no train from here connecting with them; but a train leaves here at 5:40 a. m., which connects with the Kalamazoo accommodation going west at 6:08 a. m. and brings back the morning mail from both east and west, starting for Hartford at 6:20 a. m. At 10 a. m. mail to all eastern points closes, the train leaving at 10:30 for Lawton and connecting with the 11:14 a. m. express going east. At 1 p. m. mail westward closes and at 1:30 the train goes again to Lawton to connect with westward express due there at 2:42 p. m., and also with east bound mail due at 1:38 p. m. Returning, this train starts for Hartford at 3 p. m. and gets back to Paw Paw at 8 o'clock. The evening mail closes at 7:30, in season for 8 o'clock train which meets the 8:21 Kalamazoo accommodation going east, and gets back here about 8:30 p. m.

This arrangement makes it very convenient for a business trip to Kalamazoo, and also gives one a good early start for Chicago, besides restoring the early morning mail so greatly missed, and the "kickers" can now transfer their attention to the mercury.

#### Probate Court Proceedings.
